Dear Jimmy,

I don't know if this letter will be forwarded to you or not but I hope it will. We love the tapes and we received the 2nd one yesterday. You do a wonderful description of your trips and your delicious meals. Dad has been recording a tape to send to you when you get back, altho there isn't anything interesting going on here, just every day routines.

I hope you are getting along fine on the ship and aren't bothered with seasickness. The war project you are involved in is certainly something to hear about. I hope you won't be on any dangerous projects.

Mike spends the week-ends here and will be here the whole month of Oct. thru the Nov. election. It looks as tho he is a sunk to swim. He doesn't want Mary to move back here so I don't know how that will turn out. The neighborhood there is wonderful for Diane and it is too bad they have to give up their house.

I hope Carolyn will get over Tom and her trip to London and new job and a boy friend will help. I wrote to Vickie yesterday and I am so glad she will be meeting you in Greece. You are very special.

Love, Mom.
